A HOLIDAY COOK.
There was a girl in our town,
As she was wondrous wise,
For she could make a cranberry tart
As big as two mince pies;
And when the children ate it up,
They counted twenty-four,
And then she made another tart,
As big as two mince pies more.

THE CHRISTIAN ENDEAVORERS.

Their Recent Meeting at Flemingsburg Interesting and Instructive.

MANY MEMBERS FROM THIS CITY THERE.

The Proceedings of the Convention in Detail It to Saturday Evening.

FRIDAY EVENING.

The services were led by Rev. W. D. Rice, and Miss Pannia Hendrix presided at the organ. After a short song service Brother Rice led in prayer, and Miss Hendrix favored the congregation with a very sweet solo, "Just as I am," after which Brother Fidler of Maysville made a very impressive prayer, and then joined in singing "For Christ and the Church," one of the mottoes of the society. As it was impossible for Dr. Overton to be present, Brother B. W. Mebane was asked to talk. He took up the subject, the Christian Endeavor, but put special emphasis on "For Christ and the Church," stating that its object was first for Christ; second, increased loyalty to the church; and third, for the temporal and temporal good of the world. He spoke of the united and individual church and said were his all united and believed alike "there would be a moral stagnation and that we agreed to disagree. He said that he was like Paul in speaking of the head and body, that the church was the head and the church as the body, and that we were all united in this respect. He named some of the advantages of unity, among which were power. First when all were united and worked together the greater the power and then, when one drop fell by a drop of rain, its effect was not seen, but when a number fell they watered the dry earth and made it bring forth fruit. Just so the church needs a combination of work and purpose. Second, immaculate results accomplished and illustrated by the working of two machines. Very little could be accomplished with one while with several the task is soon finished. Also that would be a lasting like the machine to prevent friction, but still he held to the principle of individuality.

After Brother Mebane closed with amusing remarks, Dr. Hays was requested to make a short address, in which he said he came to the convention for enthusiasm, and that he still expected to remain as he had come, a Presbyterian. He said he believed in the Endeavor to make one stronger in his own church, and to tell all the closer to the center, and emphasizing and speaking while on this subject closed with saying "it was an evidence of a great man to be brief, therefore he would make his talk short."

After this Brother Stanley offered prayer, and hymn No. 340 was sung. Then Brother Rice dismissed the meeting.

SATURDAY MORNING 6 O'CLOCK.

The 6 o'clock prayer-meeting was led by Mr. W. R. Cady and Miss Anna Shackelford and not having any appointed lesson Mr. Shackelford read it Cor. The meeting was of the enthusiasm and all of the active members taking part and being interested with song, prayer and sentence prayer. After spending about three quarters of an hour at this service the meeting was dismissed.

At 10 o'clock the meeting convened and was led by Rev. W. D. Rice and after singing several songs Dr. Hays led in prayer, then hymn 113 was sung. Dr. James Hendrick delivered the welcome address in which he expressed himself as being particularly glad to entertain the Endeavorers and to welcome them into his midst. He said: "Although most of us were strangers to each other he was glad to extend the hospitality of Flemingsburg to you, for in this way in olden times many entertained angels unwares." He said that he welcomed us because he wanted to learn of them, that his society was rather in its infancy and was glad to get all of the ideas that are possible in this work. He closed bidding us God's welcome and God's speed in this work.

Brother Rice, the President, responded by accepting the hospitality extended to the delegates and saying he was glad to meet with them in this cause. He stated our object in coming as being to build up the Kingdom of the Lord, Jesus Christ, and that he expected it to be a blessing to them as well as those from other places.

After a prayer and song, the President gave his report of the Union, the principal feature of which was that the Union had been established but six months, yet it ranked second, that of Louisville being first.

Miss Carrie Taylor, Secretary of the Union reported fifteen senior societies in the district which composes the Union, and four juniors, thirteen of which belong to the Union and six do not. Miss Taylor's report was approved by the Treasurer, Miss Mary T. Andrews was

called upon to give her report. She said that six societies had paid their assessments, leaving two, which had not, but that they had been notified.

The chairman of each committee made a report of the work done by the respective committees. The Lookout Committee deserves mention as it reported that nine societies had been organized since the convention in August in April.

Miss Anna Pelham then read a good paper on "Our Pledge to Support Our Own Church," which was well written and brought forth words of praise from Brothers Melane and Hays.

Miss Lucy E. Halbert read a paper on Christian Endeavor Work which was well written and listened to with interest and sympathy by Rev. Dr. Hays.

More delegates arrived late Friday afternoon and there seems to be a great deal of interest manifested on the part of all.

WRECKED AND WRETCHED LIFE.

Claire De Garmo of Covington a Victim of Cigarette Smoking.

"Claire De Garmo of Covington is among the latest whose life has suffered shipwreck from the insidious cigarette habit.

The young man is a member of one of Kentucky's respected and substantial families, the members of which hold high and honorable positions socially and in business. The same career lay open to Claire, and the same many instincts and ambitions seemed to urge him on till he lost his way in the maze of vice.

From using a few days he got so that he was miserable unless he used several dozen each day. The young man was employed with the Fred J. Myers Manufacturing Company, and was trusted to take care of the business of the company. From using a few days he got so that he was miserable unless he used several dozen each day. The engagement is announced of Miss Lillian Luckworth, only daughter of Mr. and Mrs. George K. Luckworth, and one of the beauty buds of the season of '92, and Mr. Milton Tootles of St. Joe, Mo. Mr. Tootles is strictly eligible, a gentleman, young, agreeable, and inherited four millions of money from his father, who was one of the pioneer merchants of the Missouri frontier, and died leaving an immense fortune. Miss Luckworth visited her schoolmate, Miss Lemon, in St. Joe, a few months ago, and met the young millionaire. He soon fell in love with her, and his wooing has been of that frank and candid sort that left no doubt as to his intentions, and commands itself to all who "love a lover." The Luckworths have relatives in Maysville.

The systematic way in which Finzel the Frankfort butcher set his gun trap to slay the person who had pilfered a few dollars from his cash drawer—a rifle carrying a thirty-eight ball and placed where it was sure to strike its victim in the middle of the body—has aroused a good deal of feeling, and he was arrested charged with murder, and his bond fixed at \$5,000 to await the action of the grand jury. The news of the trap was leaked out, and in invitation to the misguided young fellow. The police had never been notified of the robbery, and no effort made to capture the perpetrator. Had there been a fire the gun might have killed members of the force. A black cat had been a mouse more running of the trap would have frightened the thief and perhaps led to his capture.

THE DEATH OF ELLIJAH LLOYD.

A Former Citizen of Mason County Dies Suddenly at Joplin, Mo.

The sad news was received in this city Saturday of the death at Joplin, Mo., of Ellijah Lloyd, a former well-known and respected citizen of this county.

Deceased was a son of Ellijah Lloyd, Sr. His boyhood and early manhood was spent in the Western part of this county, on Tuckahoe Ridge, where many of his relatives still live. About fifteen years ago he removed to Missouri and became extensively engaged in mining. He made money rapidly and was considered a wealthy man.

He had been married but a few years, his wife being formerly Miss Sallie Holton, daughter of the late W. C. Holton, also of this county. Besides his widow he leaves two children of a tender age. His family are now visiting their relatives in this county, and the sympathy of the whole community goes out to them in their affliction.

The remains will be brought here to burial and will probably arrive some time to-day. The exact date of the funeral could not be learned.

Mr. Lloyd was forty-nine years of age. He was a whole-souled, gentle gentleman and his sudden and untimely end may cause sincere sorrow.

CHARLES H. WATTS, manager of the Stowers Furniture Company, Louisville, was crushed under a falling elevator and so badly injured that he died three hours later.

A most ingenious system is employed by which the Director of the Suez Canal can tell at a glance the exact position of every vessel passing through it. A model is placed in the office at Port Said, and the whole canal is worked from headquarters by means of telegraph, the position of each ship being marked by a figure on the model. It is, therefore, easy to arrange for vessels passing each other.

THE Louisville Commercial says the reason that Watson opposed Cleveland was on personal grounds. It says that Mr. Watson and Mrs. Cleveland were good friends, and that Mr. Watson took Mrs. Cleveland to the theater, and one night introduced Nat Goodwin, the comedian, to her. She was so much taken with him as an insult. She reported to Mr. Cleveland and he went for Cleveland and that ended their friendship.

THERE were interesting developments in the Chicago breach of promise suit of Jessie Hall against James W. Paige, late of Hartford, Conn., in which the plaintiff claims \$500,000 damages. One George H. Hamilton has appeared and claimed that he was married to Jessie Hall July 24, 1891, at Matcatan, N. Y. Hamilton says that Jessie's maiden name was Mollenhath, and that she is the daughter of a prelate at a monastery in Houston, Texas.

J. S. CLARKSON, President.
A. B. HUMPHREY, Secretary.

DURING the three years ending March 31st, 1890, the last three years of CLEVELAND'S administration, our aggregate imports amounted to \$2,130,358,910; exports to \$2,150,443,284, and balance of trade in our favor to \$28,084,370, or a yearly average of \$9,694,450.

FACTS.

During the three years ending March 31st, 1892, the last three years of HARRISON'S administration, our aggregate imports amounted to \$2,440,653,828, exports to \$2,721,251,156, and balance of trade in our favor to \$281,597,367, or an annual average of \$96,732,456. This is the difference between a period in which commerce is stimulated and business confidence increased by the knowledge that the party in control of the Government is committed to the policy of Protection, and one in which commerce is retarded and confidence shattered because the party in power favors the suicidal economic system of Free-trade.

A CERTAIN Mr. CHAMPION distinguished as a socialistic labor leader in Great Britain wrote a letter to the London Times recently, in which he advocates the reduction of the hours of labor to eight per day.

THE TARIFF advocates the reduction of the hours of labor to eight per day.

In order to make it possible under this changed condition for British manufacturers to compete with those of France and Germany who pay lower wages and work their men for a greater number of hours, Mr. CHAMPION also advocates a return by Great Britain to the Protective system. It will be observed that this project necessitates the conclusion that Protection tends to raise wages, or at least that under Protection the conditions favorable to such a rise are present.

Mr. CHAMPION'S letter having attracted the attention of The New York Evening Post, that paper speaks of it as follows:

He [Mr. CHAMPION] is firmly of the opinion that it is desirable to have two masters running after one man, and believes that if the hours of labor were shortened the masters would have to hire more workmen to do the same amount of work as in the longer day. In short, the cry of an eight hours day on the part of the workmen is not due to a desire for more leisure; their motive is to force the price of labor by restricting its supply. What the movement really

means is, therefore, a higher cost of production for the same amount of product, owing to a larger expenditure for wages. As this might cause some establishment to close, thus throwing workmen out of employment, Mr. CHAMPION very considerably advocates a return to the Protective system of Tariffs.

Here we have an acknowledgment in so many words: 1. That high wages mean high cost of production, not low cost of production; 2. That when on account of higher wages ruling in a country that country's cost of production is higher, the most "consistent" thing to do is to adopt Protection. Which is just exactly the reason why we have been upholding the Protective system all along. And The Post, therefore, stands convicted of the charge that its opposition to the Tariff is dictated by its intense disgust at anything that tends to elevate labor.

The People's Party—whatever that is outside of the Republican party—wanted Judge GRESHAM for its Presidential candidate. He was waited upon and respectfully declined, pronouncing their sub-treasury scheme as "visionary and impractical."

The new pension bill just passed by a Democratic Congress appropriates \$1,125,505 more than did the pension bill passed last year by a Republican Congress. Still some Republicans would have you believe that the Democratic party is not a friend to the old soldier.

Yes; and still some of the Democratic papers would have you believe that it is only Republican Congresses that rob the people to support an army of coffee coolers; as Democrats are fond of calling the unfortunate who lost life, limb or health in the service of their country.

HON. JOHN JARRETT of Pittsburgh, late United States Consul at Birmingham, England, has written an article in which he gives an interesting picture of the condition of British iron makers to-day as compared with their condition thirty years ago, when Mr. JARRETT was still an English citizen. From that article we learn that in Staffordshire, one of the most prosperous regions in England, skilled puddlers of iron who received 12 shillings per ton in 1850 receive only 8 shillings per ton for the same labor to-day. Yet the American Cobdenite declares, and will probably go on declaring, that wages in England are higher now than ever before.

PEOPLES PARTY.

They Expect to Poll a Big Vote This Fall.

The Silver States Will Poll an Almost Solid Vote

Against Harrison and Cleveland, Claims Chairman Taubeneck—Convention Meets at Omaha Here He Will Assume Shape.

St. Louis, June 27.—H. E. Taubeneck, chairman of the People's party national executive committee, was seen Sunday at the committee's headquarters in this city and questioned regarding the party's prospects. Said he: "You can rest assured that our national convention will be a big concern. It will be a deliberative body, not influenced by federal officeholders or those who expect federal offices."

Regarding the platform adopted at Minneapolis and Chicago, Mr. Taubeneck said that so far as he could see they were with the exception of the tariff plank identical. As to the attitude silver production states would probably take during the coming campaign Mr. Taubeneck said: "From the correspondence I am receiving, specially from Colorado, where the silver men are not in Cleveland can poll over 5 per cent. of their respective party vote."

That holds true in every other mining state, Colorado has 10,000 voters not enrolled in silver clubs. Every one is pledged to vote for no man or party unless they favor an unlimited coinage of silver, and my opinion is that those people will just exactly what they say. The Democratic delegates from Colorado at the Chicago convention have called a convention of democrats for Colorado. I think they will decide both the nominee and platform at Chicago as undemocratic, repudiate it and elect delegates to confer with the People's party at Omaha."

"They will also call on every silver state to do the same, and I think it will be done. The executive committee of the bimetallic league is in session now, and from information I have it will declare both the old parties as enemies to bimetalism, and issue a call for free silver clubs and bimetallic leagues to send delegates to Omaha and confer with the People's party."

"With the proper nominations and with a good cause we will sweep the south and the west. Everything south of the Ohio and everything west of the Mississippi river."

"What the voting strength of your party and the different industrial organizations which took part in the February convention?"

"That is not an easy task to get at, because some of the organizations will admit members who are not eligible to vote, but from the best estimates made from the roll books of the different organizations last February, we have between 6,000,000 and 7,000,000 voters that belong to the different organizations."

OMAHA, July 27.—This week will be a very busy one for the local committee having in charge the arrangements for the independent national convention. Much remains to be done before all will be ready for the coming crowd, although the plans have all been laid.

The Coliseum, which is to be used as the hall for the convention, will seat 11,000 people aside from the delegates. The chairs will be placed in position this week. On the speaker's desk will be accommodations for 300 persons. Of this room space room for 150 working newspaper men will be reserved. The Western Union and Postal Telegraph Co. will have branch offices with in easy access of the platform, and promise to give the best of service.

MAYER'S FUNERAL.

An enormous crowd, including cadets, officers and nobles attended.

PARIS, June 27.—The funeral of Capt. Mayer, the Hebrew champion, who died Thursday night from a wound received in a duel with the Marquis de Mores that morning, was held Sunday afternoon. The coffin and hearse were almost hidden beneath the wreaths heaped upon them. A company of cadets from the Ecole Polytechnique, in which Capt. Mayer was a professor headed the funeral procession. The hearse was followed by a representative of the minister of war, by numerous officers and by a number of men in public life, and other notables. An enormous crowd awaited the arrival of the cortege at the cemetery, where the company of which the deceased was a member surrounded the coffin and reverently followed the remains to the tomb. M. Kahn, conducted the funeral services. In his discourse at the grave, he said he hoped a spirit of mutual toleration, respect and charity would ultimately prevail, and writers and newspapers preach unity, not discord and hatred.

A Big Steel.

LITTLE ROCK, Ark., June 27.—The treasurer of Logan county has been in the habit of keeping the funds of the county in a trunk at his residence, while Treasurer Fuller was attending the meeting of a masonic lodge and his wife was visiting at a neighbor's house. He neglected the residence and the trunk, and \$4,100 of the funds belonging to the county. There was no clue to the robbers.

Death of Her Injuries.

NEW ORLEANS, June 27.—Two of the men wounded by the boiler explosion at the Consumers' Ice works, Freddie Mathis, coal-passer, and Wm. Doebble, steam fitter, both white, died Sunday at the hospital. Francis R. Lee, a prominent lawyer and stockholder in the company, was missed from his home Sunday. He was found to have gone in a new boiler, and a search disclosed his remains under the ruins.

Agreement on Price of Sugar.

PHILADELPHIA, June 27.—The Sugar trust and the wholesale grocers entered into an agreement whereby the grocers will maintain uniform prices, and the trust will give them that so as to rebate to protect them.

PROHIBITIONISTS.

Leaders of the Party Gathering at Cincinnati.

CINCINNATI, June 27.—The national prohibition convention proper does not convene until Wednesday morning, but the disciples of cold water are flocking to the city from all parts of the country, and the prediction is that the present gathering will be the largest ever known to the party.

Samuel Dickie, of Albion, Mich., chairman of the national committee, is already on the field, and has established himself in room 100 at the Grand, which will be the national committee headquarters. With him came Samuel D. Hargrave, of Wisconsin, who has been treasurer of the national organization for the past ten years.

Ex-Gov. John P. St. John, of Kansas, has made the city with his wife Friday night. That no amount of persuasion can induce the former leader of the party to accept a renomination is now adjudged. Says he: "My decision is as unalterable as the law of the Medes and Persians."

The nominee will probably be either Gov. John Bidwell, of California, or Wm. Jennings Denmore, of New York. St. John favors the former, and his opinion will have great weight. It is the general sentiment, too, that the party should go west for its leaders.

For the vice-presidential nomination Rev. D. C. Kelley, of Tennessee, is most strongly advocated. Says he: "I have the satisfaction of having St. John's support. There are plenty, however, who are willing to have the honor of the party's leadership thrust upon them."

Samuel Dickie, the national chairman, will be supported by some. Among the other candidates are Judge John Briggs, of Philadelphia; H. Clay Bascom, of Troy, N. Y.; Col. E. F. Litter, of Indianapolis; William T. Wardwell, of New York, and Volney B. Cushing, of Maine.

At Up With Tilton Hall.

BIRMINGHAM, Tenn., June 27.—There is much excitement in Virginia over the refusal of the court of appeals to grant Tilton Hall, the noted outlaw, a new trial. He was convicted at Wise Court House, Va., several months ago for the murder of policeman Hilton, of Norton, Va., and sentenced to be hanged Monday. Unless news of executive clemency comes before that time he will be executed. Everybody in this section sanctions the action of the supreme court. Many people openly declare that if they had a vote to take its course Judge Lynch will step in.

Off for Greenland.

NEW YORK, June 27.—The Red Cross steamer Minde, which goes to the relief of Lieut. Peary's Arctic expedition, will sail from Brooklyn Monday for St. Johns, N. F. The party on board will consist of Dr. Angelo Helgren, Henry C. Bryant, Wm. E. Mohan and F. W. Stokes of Philadelphia, Dr. Jackson M. Mills, of this city, C. E. Hill, Burlington, N. J., J. J. H. Ford and Sam'l J. Entringer. At St. Johns they will take passage on the Kite and sail for Greenland.

Bloodshed Threatened.

BOISE CITY, Idaho, June 27.—Gov. Wiley asked President Harrison to order troops to the scene of the miners' lookout in the Coeur d'Alene district, northern Idaho. Serious trouble is impending. The injunction issued against strikers are quite certain to be dissolved on Tuesday next, and it is understood the union men will then attempt to drive the "scabs" from the district. Both sides are heavily armed.

To Speak at the Arsenal Opening.

SAVANNAH, Tenn., June 27.—Senator John W. Daniels, of Virginia, ex-Gov. James E. Campbell, of Ohio, and Hon. James E. McKinley have accepted invitations to speak at Columbia, Tenn., at the formal opening of the new arsenal on the 15th of July next. A committee of citizens from Columbia will leave for Washington and New York in a few days to invite Mr. Cleveland and other orators of national distinction.

Adj.-Gen. Kelton Retired.

WASHINGTON, June 27.—By direction of the president the retirement from active service, by operation of law, of Brig.-Gen. John C. Kelton, adjutant-general of the army under the provisions of the act of June 30, 1882, is announced. The secretary of war in transmitting the order speaks in glowing terms of Gen. Kelton's forty years of service.

Canada's Industrial Census.

OTTAWA, Ont., June 27.—A census bulletin just issued gives the number of industrial establishments in Canada at 73,768, an increase of 51 per cent. in ten years; capital invested \$38,000,000, an increase of 114 per cent.; number of employees 307,363; in increase of 44 per cent.; wages paid \$90,000,000, an increase of \$40,000,000 and value of products, \$475,000,000, an increase of \$155,000,000.

Good Price for a Two-Year-Old.

LOUISVILLE, Ky., June 27.—Siluria, the two-year-old filly, by Ill Used-Brigade, was sold by Joe Deha to N. W. Frazer for \$4,000. Saturday morning Siluria and her new owner left for Chicago Saturday night, where she is engaged in several rich stable shows. She has started but once, running second to Linger at Latonia recently.

White Man Killed by a Negro Woman. ST. LOUIS, June 27.—Sunday morning C. J. Bieters became involved in a fight with three Negroes in an immoral resort on Clark avenue, near Sixth street, and during the misadventure one of the females literally cut him to pieces with a razor. He is fatally wounded, and his assailants are under arrest.

Boiled Into the River While Asleep.

CINCINNATI, June 27.—Thomas Cook, aged 30, was drowned in the river Saturday. He was sitting on the plank Sunday's steamer boat both hands at the foot of Broadway. He fell asleep and rolled into the river, drowning before he could be rescued. His body has not been recovered.

The First Club.

IRON CITY, Tenn., June 27.—The first Cleveland and Stevenson club in the south has been organized here.

INFORMATION FOR OUR FARMERS

Rules for Cleaning Wheat Adopted by the Grain Board of Maryland.

At a meeting of the Grain Merchants and Millers of Maryland, held on June 24th, 1892, the subject of cleaning wheat by farmers was introduced and fully discussed, and the following preamble and resolution was adopted:

That whereas, in former years, owing to the superior quality and cleanliness of Maryland wheat, it enjoyed a high reputation second to no other section of the country and was much sought after, but by recent years owing to the inferior quality of wheat by threshers, it has suffered very materially in comparison with general markets in comparison with wheat from other states, resulting in no considerable increase in the hands of the many of the former large wheat customers who bought wheat here have in consequence been diverted to other markets; therefore, be it

A GEM FROM SENATOR INGALLS.

He Pays an Eloquent Tribute to the Perennial Power of Grass.

In a recent issue of *The Kansas Magazine* ex-Senator Ingalls has an article on grass, from which we extract this literary gem:

Next in importance to the divine provision of water, light and air, those three physical facts which render existence possible, may be reckoned the universal beneficence of grass. Lying in the sun, shining among buttercups and dandelions, the grass minute tenants of the soil, in their dress, our earliest recollections are of grass; and when the fiftieth year is ended, and the foolish wrangle of the market and the forum is closed, grass heals over the scar which our descent into the bosom of the earth made, and the carpet of the infant becomes the blanket of the old. Grass is the forgiveness of nature, her constant benediction. Fields transmuting with battle, saturated with blood, torn with the ruts of cannon, grow green again with grass and carnage is forgotten. Streets abandoned by traffic become grass grows like rural nature, and the littered Forests decay, harvests perish, flowers vanish, but grass is immortal, invulnerable by the elements of nature, it withdraws into the impregnable fortress of its subterranean vitality and survives the elements of nature, it is blown by the winds, by wandering birds, propagated by the subtle horticulture of the elements which are its ministers and servants, it softens the rude outlines of the world. It feeds the solitudes of deserts, climbs the inaccessible slopes and pinnacles of mountains, modifies the history, character and destiny of Nations. Unconquerable and patient, it has triumphed over vigor and aggression. Banished from the thoroughfare and field it bides its time to return, and when victory is won, the dynasty has perished it silently renews the throne from which it has been expelled, but while it never abdicates, it bears no blazonry of bloom to challenge the senses with fragrance or splendor, but its honey bee is more exultant than the lily or the rose. It yields no fruit in earth or air, yet should its harvest fail for a single year famine would depopulate the world.

We don't intend to carry over our summer stock if prices cut. Patent Leather Sealpoint Vamp Oxfords reduced from \$3.50 to \$1.75. Bronze Strap Slippers reduced from \$2.75 to \$1.75. Ladies Saddle Slippers, oxidized buckles, former price \$2.75, now \$1.00. Wine Ruddy Gore Oxfords, former price \$3.75, now \$1.75.
